ESTEEM

GRADUATE PROGRAM

Master's in Entrepreneurship, Technology, & Innovation

ESTEEM emphasizes the action of entrepreneurship, not just the study of it.

STUDENTS
50-60 tech-savvy students from STEM, Social Science & Design Backgrounds

100% on scholarship; average award $28k

PROGRAM
11 months of design thinking, customer validation, financial modeling, BMC, prototyping & more

Capstone Project: Design & deliver go-to-market launch strategy for a technology-based innovation opportunity (sourced from startups, major corporations, ND Research & Founders' Ideas)

AFTER ESTEEM
91% rate of employment 120 days after graduation (Class 2023)

1 in 4 alums are in startup; 1/3 as founders or cofounders

Fixing Things That Matter

Unique capstone experience where students develop a plan to take technologies from concept to market

Students experience transformational change that helps them make an impact as leaders in their chosen field
