

Make your summer count

Kick-start your career with an actuarial internship at Allianz. You'll gain real-life experience with an industry leader – and do work that has impact on a truly global scale. Here's what interns are saying:

ALLIANZ, BY THE NUMBERS

We're part of Allianz SE, which has a presence in **70+ countries**.

Recognized by the **Star Tribune** as a **Top Workplace**.

Honored on the **Fortune 100 Best Companies to Work For**.

"Allianz provides the perfect balance of the power of a global company with the community of a small, close-knit business.

While you will take part in making large financial impacts as an intern, you will also find individuals – from team leaders all the way up to executive leadership – quite approachable and available. Everyone is more than willing to take time to talk with aspiring professionals. This made me feel valued, not only in my work as an intern, but also as an individual in the community."

– *Zach Barry, 2022 graduate*

"During your Allianz internship, you are engaged in impactful projects and the supportive culture while being located in the vibrant Twin Cities. Throughout my internship experience and transition to full-time, I have seen why Allianz is a leader in both professional development and maintaining a great work/life balance."

– *Christina Johnson, 2019 graduate*

"Because we are part of a large, international company, actuaries have the opportunity to work on many global projects. Actuaries have traveled to countries like Germany, Italy, Singapore, and many more to work with our global partners. There are also opportunities to work on an international team while staying in the U.S."

– *Jacob Bacon, 2019 graduate*
